LISTENING TEST 11

This test has two parts.

Time allowed: 20 minutes

PART A: In this part of the test, you will hear a general practitioner talking to Alfonso Albert, a man suffering from an ear infection. You will hear the consultation once only, in sections. As you listen, you must make notes about the consultation under the headings given on the answer paper. Turn over now and look quickly through.

You must give as much relevant information as you can under each of the headings provided. You may write as you listen, and there will be pauses during the consultation for you to complete your notes under the relevant heading, and to read the following heading. There will also be two minutes at the end of the test for you to check your answers. Give your answers in note form. Don't waste time writing full sentences. Remember you will hear the consultation once only, and you should write as you listen.

Now look at Question 1. Question 1 has been done for you.

Name of the patient: Alfonso Albert
