## LISTENING TEST 5

**This test has two parts**

**Time allowed: 20 minutes**

**PART A:** In this part of the test, you will hear a talk on skin problems that a patient is suffering from. You will hear the talk once only, in sections. As you listen, you must answer the questions in the spaces provided on the answer paper. Turn over now and look quickly through Part A. You have one minute to do this.

You may write as you listen and there will be pauses during the talk for you to complete your answers and to read the following question. Remember, you will hear the tape once only and you should write as you listen.

**Now read Question 1. Question 1 has been done for you.**
